Resume Objective

Aspiring Full Stack Web Developer with robust practical skills and hands-on experience demonstrated through a portfolio of comprehensive projects. Eager to leverage clear communication abilities, strong problem-solving skills, and a keen eye for detail to contribute to dynamic development teams. Committed to continuous learning and passionate about creating efficient, scalable web solutions. Seeking an entry-level position where I can grow and apply my expertise in both front-end and back-end technologies.

Programming skills

I possess extensive knowledge in the following languages and frameworks:

- Python, Flask
- JavaScript, TypeScript, NodeJS, Bun
- Svelte, SvelteKit, Astro, ViteJS
- Nim

Professional skills

Working Skills

- Ability to plan, execute, and oversee projects efficiently, ensuring that all tasks are completed on time and within budget.
- Proficient in prioritizing tasks and managing time effectively to meet deadlines and deliver high-quality work.
- Meticulous in reviewing code, identifying errors, and ensuring the highest level of accuracy and quality in all projects.
- Capable of adjusting to new challenges and learning new technologies quickly in a fast-paced work environment.

Communication Skills

- Skilled in conveying technical concepts clearly and

concisely to both technical and non-technical stakeholders.

- Experienced in working within cross-functional teams, fostering a collaborative environment to achieve common goals.
- Dedicated to understanding and meeting the needs of clients and users, ensuring a positive experience with the software developed.
- Capable of guiding and mentoring junior developers, providing support and direction to help them grow professionally.
- Fluent in English (C1), Italian (Native) and Spanish (B2).

Critical Thinking Skills

- Adept at identifying issues, analyzing potential solutions, and implementing effective fixes to complex technical problems.
- Strong analytical skills to evaluate situations, make informed decisions, and develop innovative solutions to technical challenges.
- Ability to think ahead and plan strategically to anticipate potential obstacles and ensure long-term project success.
